

Brazoria County MUD No. 28 Drainage Facility Rehab Project

During the last quarter of 2018, the board of the district approved a survey of all drainage facilities in the district to include wet and dry detention/retention ponds.

The survey resulted in findings of erosion, blockage, and other issues at 23 of the 25 detention/retention ponds in the district.

Beginning on February 25, 2019, Stormwater Solutions will begin rehabilitation of the affected facilities in the district. The work will involve rehabilitating toe and slope erosion, seeding, and sod of the affected areas.

The facilities requiring the most work are listed in order of precedence for rehabilitation. Other facilities will require minor rehabilitation.

1. Spring Meadow
2. Stonebridge
3. Twin Lakes Pond 1
4. Twin Lakes Pond 2
5. Enclave at Highland Glen Pond 1
6. Enclave at Highland Glen Pond 2
7. Province Village Ponds 1 and 2
8. Pearland Lakes Pond 1
9. Covington Estates
10. Creekside
11. Highland Park Pond 1
